What are the three most impactful actions we could take to move the World3 model towards the SW run/results as discussed in the lecture?

1. Have a look at the 4 World3 scenarios that we discussed in the lecture (BAU, BAU2, CT, SW) → Note: Have a look at the links to World3 web version and play around with the model and learn about it in more detail.

2. What actions (which policies) could we (humans/politicians) act upon to move the simulation results of the World3 model towards the SW scenario.

3. Identify **3** proposals and describe each of them in 3 or more sentences.
