This is a Group exercise.

TASK(s) :

Circular Society

In this course, we presented a typology of the circular economy (CE) vs. circular society (CS) discourse.

Choose one from the following choices amongst various CE & CS typology, which would have the most impact on the burning challenges your Verein aims to tackle on or the one you deem to have most alignment to your Vereins purpose.

Explain your choice and why you chose it within in 100 words.
